Attorney for ApplicantDECLARATION PURSUANT TO 37 CFR §1.131

Dear Sir:

I, Constantinos Balas, a citizen of Greece residing at at Zacharioudaki 12, Heraklion 71305 Crete, Greece, hereby declare as follows:

- (1) I am the inventor of the subject matter described and claimed in the above-identified application.
- (2) Prior to December 15, 1999, I had completed the invention as described and claimed in the above-referenced patent application in this country, a NAFTA country, or a WTO country, as evidenced by the following:

Serial No.: 09/739,089

-2-

Group Art Unit: 3675

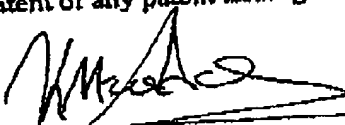

3765 (MLZ)

(a) Prior to December 15, 1999, I submitted an article entitled "In vivo detection and staging of epithelial dysplasias and malignancies based on the quantitative assessment of acetic acid-tissue interaction kinetics" to the Journal of Photochemistry and Photobiology, as evidenced by a copy of the published article attached hereto as Exhibit A.

(b) Prior to December 15, 1999, the foregoing article was received and accepted by the Journal of Photochemistry and Photobiology. Specifically, as evidenced by a copy of the published article, the article was received by the Journal of Photochemistry and Photobiology on September 14, 1999 and accepted on October 26, 1999.

(c) The foregoing article describes the invention as described and claimed in the above-referenced patent application.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of this Application for Patent or any patent issuing thereon.

  
Constantinos Balas, Ph.D.
